A TRADITION WORTH KEEPING AT RAINELLE HIGH

At Rainelle High students come seeking many things. Each brings an assortment of beliefs and ambitions by which each student's life is patterned. We bring together our values to form a common ideal.

Our days in school are numbered--both for those who sought and found and for those whose quest is yet unsatisfied. Cherished thoughts are many as we recall our rewards for work well done, our enthusiasm for extra-curricular activities, and our goal for graduation. Each day brings another challenge, another trial, or an attainment.

You the green, but "sophisticated" sophomores; you the expectant, hard working juniors; you the self-assured, confident seniors--to everyone at Rainelle High School--
"THIS IS YOUR YEAR."

In this volume and the three preceding volumes, under the direction of Mrs. Meadows, we have attempted to preserve these memories that you may never forget this--"THE GREATEST CLASS ALIVE--THE SENIOR CLASS OF '65".

WITHIN THESE PAGES IS THE STORY

We push steadily onward. A challenge is constantly before us. We march upward, with banners waving, heads held high. Enthusiasm, optimism push us onward. "IF IT'S DIFFICULT, WE DO IT IMMEDIATELY; IF IT'S IMPOSSIBLE, IT TAKES A LITTLE LONGER." Overcoming interfering obstacles, we push steadily onward, upward, and find that experience is the best teacher. A mistake is not often repeated. Integrity and self-improvement are goals often attempted and nothing is impossible. We don't give up easily--"IF ONCE WE FALL, WE RISE TO FACE THE LIGHT; IF ONCE WE FALL, WE FIGHT AGAIN TO WIN."

THE EVER PRESENT CHALLENGE

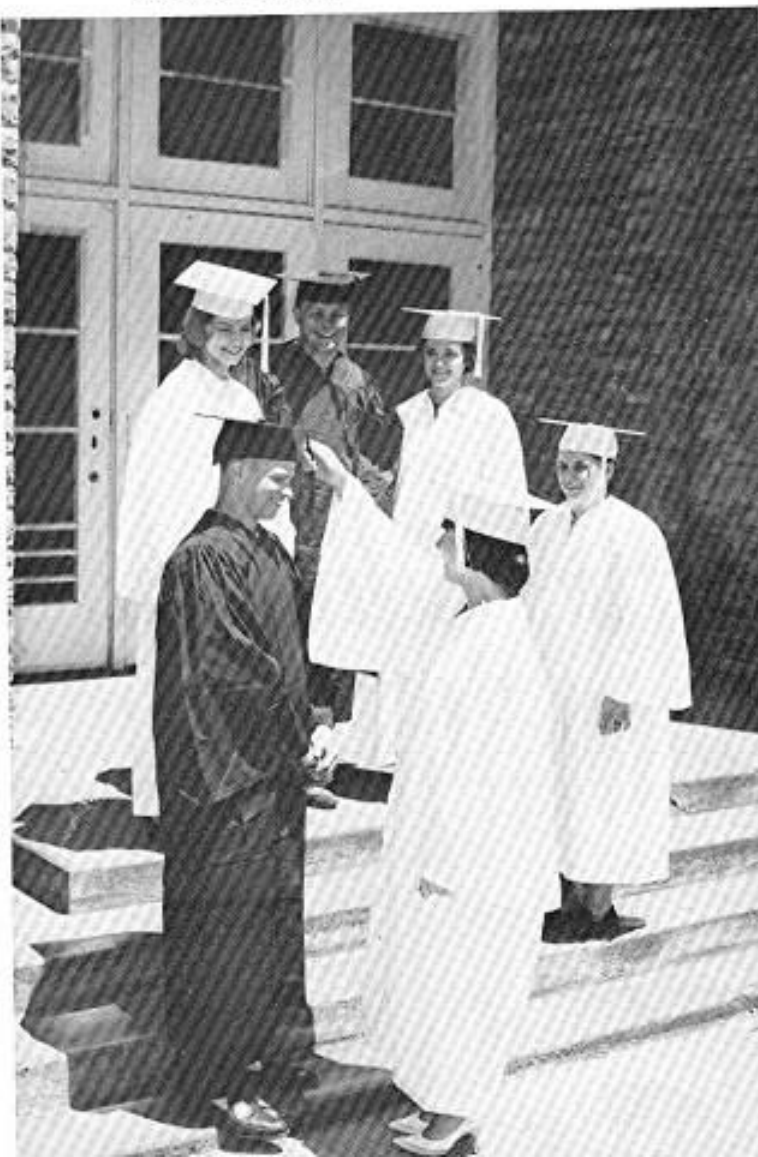

HONOR GRADUATE OFFICERS
Jerry Falls, Bill Bostic,
Nancy Willard, James Cutlip

We leave Rainelle High School and face the mysterious world of today. Many problems confront us. Overcoming these new "frontiers" is a puzzling challenge. Days roll by, some unhurried, some swiftly. What do we get out of life? "LOOK TO THIS DAY--FOR IT IS LIFE; FOR YESTERDAY IS A DREAM, AND TOMORROW IS ONLY A VISION."

Mrs. Sue Harsh

Mr. Davy McClung

Davy L. McClung - edy.

FOR HERE ARE MOLDED OUR LEADERS OF TOMORROW

Is a leader born or made? Certainly a student has unlimited opportunities to exercise his leadership abilities in high school. If leaders are made, high school offers many various opportunities for ambitious students to excel. One cannot become a leader in an instant. He must build and work his way up. Thus, leaders of tomorrow are moulded in the high school. A leader sets the example and sometimes influences many. Not only should we seek to be good leaders, but good followers.

THROUGH ACADEMIC RESOURCES WE GAIN KNOWLEDGE

"Knowledge is power." Knowledge is ever-present and omnipresent. The purpose of seeking an education is to gain knowledge. Our resources are many. From our own personal experiences and relationships with others, knowledge is gained. But most important of all, our teachers are constantly striving to instruct us, to enlighten our minds, and enfold us with understanding.

Miss Gail Ratliff

Mrs. Pearl Kessler

Our library provides a varied source of information. The library is often a meeting place, but certainly not a place to "catch up on the latest news" for we often hear the old faithful "Sh-h-h!"

Knowledge is everywhere at our disposal, but we must seek it and use it to the best advantage.

Subjects offered in high school challenge our minds, our abilities, and our skills. Typing and physical education are perfect examples. Typing is a game in itself. It is a race against time trying to evade errors. Perfection is never reached, but it is fun and a rewarding challenge to try. Physical education has three main objectives. These objectives are as follows: to develop many skills in activities; to develop the organic systems of the body, and to provide opportunities for participation in physical activities that will result in educational experiences.

Every student has the desire to add beauty and attractiveness to his school. This desire is partially fulfilled through the work of the Manual Arts class. The work of the shop boys can be seen throughout the school. The department strives to give a student better knowledge of the different techniques and materials used by carpenters. In shop one is acquainted with manual training and is taught correctly how to become a handy man around the house.

The faculty is always ready to help students. The faculty members are very well qualified to discuss and help us find the way to solve our problems, whether they be about our studies or our intimate troubles, whether they be large or small.

Mr. Don Smith

There is a spirit of co-operation in which students and faculty work together. Without this co-operation we could not have had this wonderful year.

Music is the only universal language. Anyone who is musically inclined or is talented in the musical field has unlimited opportunities to excel. The choir offers the opportunity for a person to learn the basic essentials of music, voice training, and sight reading. Opportunities are also available to sing solos, duets or with a group.

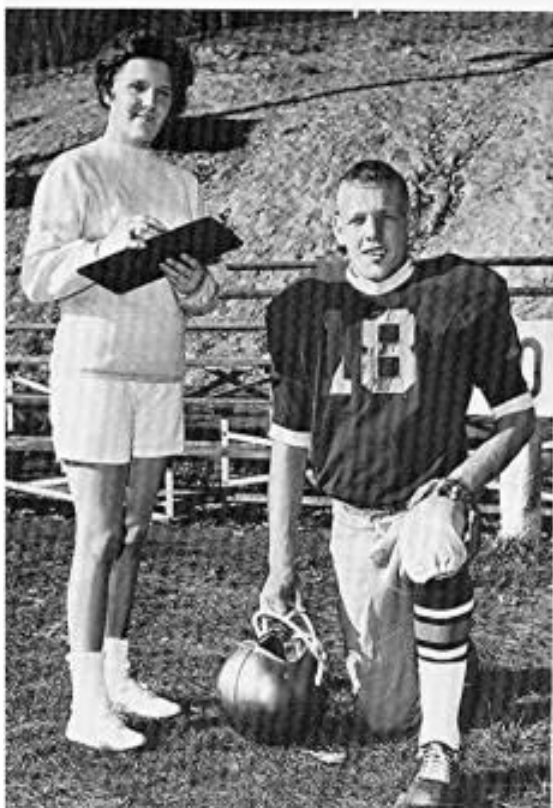

Lacy Smith is shown as he works on the trampoline at the Sports Carnival. Indoor track is demonstrated by Eddie Rookstool.

Interscholastic sports create rivalry among schools. Rivalry enables participants and fans to display and test their sportsmanship. Athletics sometimes distinguish one school from another. Excitement, enthusiasm, and fairness are especially exercised in participating in sports or sitting on the side line. Every student, boy and girl, has the opportunity to participate in intramural activities and take part in special public programs.

“THIS OUR YEAR”

WE DEDICATE . . .

Vivid memories recur in the minds and hearts of many sophomores, juniors, seniors, and graduates, as they recall enchanted hours spent in her classroom. During the year her love grows and radiates into the life of every pupil. Her ideals of character and honesty offer a life-long pattern for honor and success. She will always be remembered by the members of the class of '65 as a friend, counselor, and superlative teacher--Mrs. Pearl Kessler.

Mr. Dale Ocheltree, Principal

YOUR PRINCIPAL

To The Graduates:

My heartiest congratulations go to the members of the Class of 1965 upon their graduation from Rainelle High School!

To some members of the class, it means an end to formal education; to others, it is the beginning of higher education. But to both groups, we urge a continuation of education whether it be in or out of school.

The means whereby one may secure an education have been given to all. The use and improvement of the abilities developed in Rainelle High School depend on each individual member of the class.

Not only is it important to you as an individual to continue to develop your abilities, but it is also essential at this particular time in the history of our country that each individual attain his maximum potentiality in order that our way of life may survive.

We have the greatest of confidence in you and sincerely believe that you will live up to our expectations.

HAS THE GREATEST CONFIDENCE IN YOU;
MAY YOUR FUTURE EVER BE BRIGHT!

Kaye Simms, 1965 Graduate

SENIOR CLASS OF 1965

To The Principal:

I am a '65 Graduate and on behalf of my classmates and me I wish to thank our principal for being a patient listener and close friend to all of us.

It would be impossible to say how many times we have all been encouraged and helped by the ability and outgoing friendliness of our beloved principal, Mr. Dale Ocheltree.

In the years we have been in school he has never forgotten the interests of the students under his guidance. Mr. Ocheltree is always ready to lend a helping hand to anyone--confused sophomores, restless juniors, or over-anxious seniors. His guidance and practical advice have perhaps endeared him to us more than anything else.

It is he who watches our grades and activities to make sure that we're traveling the right road. It is to him that we take our unsolved problems and it is he who always helps us solve them.

Our years in high school and our future in all fields of life are influenced by our friend and principal, Mr. Ocheltree.
